Czech Republic, Prague - [instamatic # 6: Prague](#) - Jez Riley French - 72' - 2010 - listening

In 2010 Jez Riley French visited Prague again for a few days....the few days turned into a week due to volcanic ash closing the airspace over Europe....he walked around Prague sometimes recording, sometimes not....just walking & listening & looking - for his own pleasure....on the eventual long coach journey back to the UK he listened back to the recordings & found them to have captured 'something'....an evocative representation of the rich filigree of sounds that came & went on those walks....
