UK London, Brentford - [Chronomotive](#) - Joel Cahen - 30' - 2014 - audio, geo-located

Chronomotive describes the moment in the present when you realise you are the future self you projected from the past.

it is this reflection that reveals the chronomotion, a trajectory in time between two distinct events: the vision and its revision.

As you walk around the Watermans Art Centre you follow the astronomer Charlie Green; Trans-man Michael Dillon; archeologist Gertrude Caton; the king of Britain Cassivellaunus; and worshippers of the god Chronos. All weaved in an abstracted poetic reality.

Some Say That Dreams Are Chronomotive.
