

Serbia, Belgrade - [Savamala Riverbank Walk](#) - Lisa Whistlecroft - 5' - 2014 - audio

This soundscape was created from a recording of part of a sound walk in the Savamala district of Belgrade. It was designed to be listened to through headphones whilst walking along that section of the overall soundwalk.

You are walking from Braće Krsmanović, under the Brankov Bridge, and then up along the Sava river bank.
